A NEW-GENERATION YACHT

A TRULY INNOVATIVE VOYAGER

The novel B.Yond 37M fuses the forward-facing vision of the founder and president of Azimut | Benetti Group, Paolo Vitelli, and the creative flair of architect Stefano Righini. By featuring a unique four-deck layout in a length of just 37 meters, this remarkable yacht is skillfully conceived for long-range cruising in complete comfort and privacy, embodying a new Voyager concept that truly reflects the style and expectations of modern owners today. It can be equipped with either a traditional or a hybrid electric propulsion system with environmental sustainability at its core; developed to further enhance navigational performance.

The return to steel and aluminum on a boat of this size is also a homage to the pioneering nature of Benetti in the 1950s; when the shipyard shifted its construction standards from wood to steel, as well as a contemporary decision to epitomize the purpose and qualities of the authentic Voyager.

THE FOUR-DECK DESIGN CONCEPT

A REVOLUTIONARY LAYOUT CONCEIVED FOR CRUISING COMFORT AND SUPERIOR FUNCTIONALITY

The B.Yond 37M layout was developed with versatility in mind, based on Benetti's profound knowledge of different owner needs and with the aim of optimally satisfying diverse yacht usages.

The concept, devised by Stefano Righini, integrally revolutionizes onboard environments through the inclusion of a fourth deck, implementing a significant and functional volumetric expansion. The noble areas of the yacht are elevated and endowed with panoramic sea views, such as the Main Deck dedicated to hosting the guest staterooms or the Bridge Deck layout option transformed into the owner's

personal quarters. On the B.Yond 37M different layout solutions are in fact possible, insightfully conceived by a dedicated team of Benetti experts to offer ultimate flexibility and livability. The service areas, along with the abundant storage space necessary for comfortable long-range journeys, are entirely concentrated on the Lower Deck.

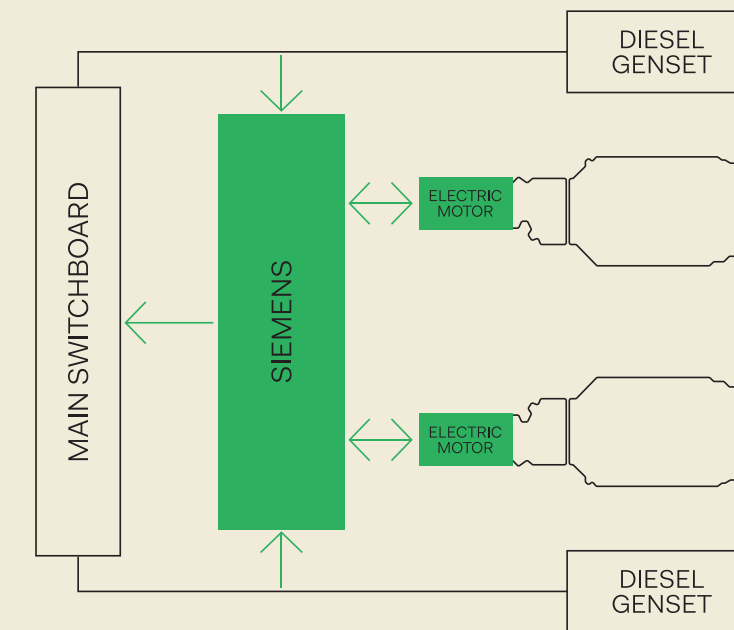

The standard design of every space is therefore revisited to combine superior beauty and functionality as well as absolute privacy. The presence of two separate stairways strategically connects every deck, enabling easy access to all levels yet seamlessly dividing owners and guests from crew flows. By maximizing independence and harmony on board, the four-deck layout becomes ideal in its purpose to deliver an excellent living and service experience.

B.YOND 37M, EQUIPPED with ECOTECHNOLOGY

 E.MODE HYBRID

E-MODE HYBRID PROPULSION AND SCR CATALYTIC FILTERS

The B.Yond 37M can be equipped with an innovative hybrid electric technology to further embody the characteristics of a truly new-generation yacht. The Selective Catalytic Reduction (SCR) filters, engineered to reduce NOx emissions, can be optioned and combined with the unique E-Mode hybrid system by Siemens Energy; a crew-friendly integrated add-on architecture built on top of a traditional system that is developed to reduce CO₂ emissions and increase comfort levels on board. Yacht operation is therefore simplified—with the switch from mechanical to electric propulsion, and vice versa—and no longer requires the intervention of dedicated personnel. Furthermore, the cooperation of these two solutions can enable a significant reduction of harmful emissions throughout the yacht's life cycle.

ENHANCED COMFORT MODE

Ideal for low-speed coastal or night cruising, the main benefit of this mode is the exceptional comfort it offers. The diesel engines are switched off, but their gensets continue to supply energy to the electric motors.

EXTENDED RANGE MODE

Designed for long-transfer journeys and coastal cruising, this mode reduces fuel consumption and emissions. When the gensets are switched off the yacht can go at full speed, with the electric motors powered by the main engine and working as shaft generators.

ECO CRUISE MODE

Most suited for short trips along the coast, this zero-emission mode allows entry into protected marine areas or zones usually designated as off-limits to motor yachts, with the range depending on the capacity of the battery pack.

ECO TRANSFER MODE

Both diesel generators are switched off while one propulsion engine only continues to run, enabling the yacht to halve the running hours of the main engines and gensets. As a result, fuel consumption and CO₂ emissions can be reduced by up to 16% and NOx emissions by up to 80% compared with traditional propulsion systems.

HOTEL MODE, ZERO EMISSIONS
AND TOTAL COMFORT AT ANCHOR

Upon request, the B.Yond 37M can also be equipped with the Hotel Mode system, which allows it to stay at anchor immersed in complete vibration-free comfort. When the generators are switched off, the high-density lithium-ion battery bank can feed the main onboard systems for up to 4 hours during the daytime and up to 8 hours at night. With a recharge time of just 3 hours, this solution enables the B.Yond 37M to avoid CO₂ emissions entirely.

THE NEW-GENERATION VOYAGER FEATURING A REVOLUTIONARY
FOUR-DECK DESIGN IN JUST 37 METERS, FOR LONG-RANGE
CRUISING IMMERSSED IN UNIQUE COMFORT.

THE CHOICE OF STEEL AND ALUMINUM FOR A YACHT THIS SIZE IS
A HOMAGE TO BENETTI'S VISIONARY MINDSET; WHEN IT
PIONEERED THE SHIFT FROM WOOD TO METAL IN THE 1950S.

ELEVATED SPACES *for a* PANORAMIC EXPERIENCE *on* BOARD

The B.Yond 37M presents diverse environments that perfectly embody its forward-facing spirit through flexible and customizable solutions, offering owners high levels of comfort and privacy. The interior design of the first B.Yond 37M hull, curated by the Benetti 'Style Department' in collaboration with Giorgetti, centers around creating beautiful and functional atmospheres punctuated by refined yet modern furnishings.

Sun Deck

Owner's Suite on Bridge Deck

[BRIDGE DECK] The Bridge Deck is dedicated to the owner. Upon request, it may accommodate either the master cabin or a panoramic veranda.

Veranda on Bridge Deck

Upper Deck

[UPPER DECK] Two stairways connect all decks and provide completely separate flows for guests and crew. The ethereal aesthetic enables an unobstructed view from bow to stern, heightening the perception of a spatial continuum.

[UPPER DECK] The Upper Deck is designed to be used as a living area, with the central lounge and a sea-viewing dining area opening onto a scenic landscape.

[UPPER DECK] The foredeck features a dining area with retractable sliding doors that give access to an enticing open-air lounge.

[UPPER DECK] The external area offers an intimate lounging area with a jacuzzi at the center.

Playroom on Main Deck

[MAIN DECK] Optical white walls enhance the natural colour palette of the furnishings, accompanied by the occasional touch of blue as a nod to the sea environment.

Owner's Suite on Main Deck

Lower Deck

[LOWER DECK] The Lower Deck contains not only the entire service area, but also a surprising number of features for a yacht of this size, including the galley, cold room and walk-in wine cellar. An additional VIP stateroom or a gymnasium may be requested.

[LOWER DECK] The designated captain's cabin is adjacent to the wheelhouse. However, the Lower Deck includes a large cabin that can be used as an alternative or to accommodate additional senior crew members such as a chef or personal trainer.

Beach Area

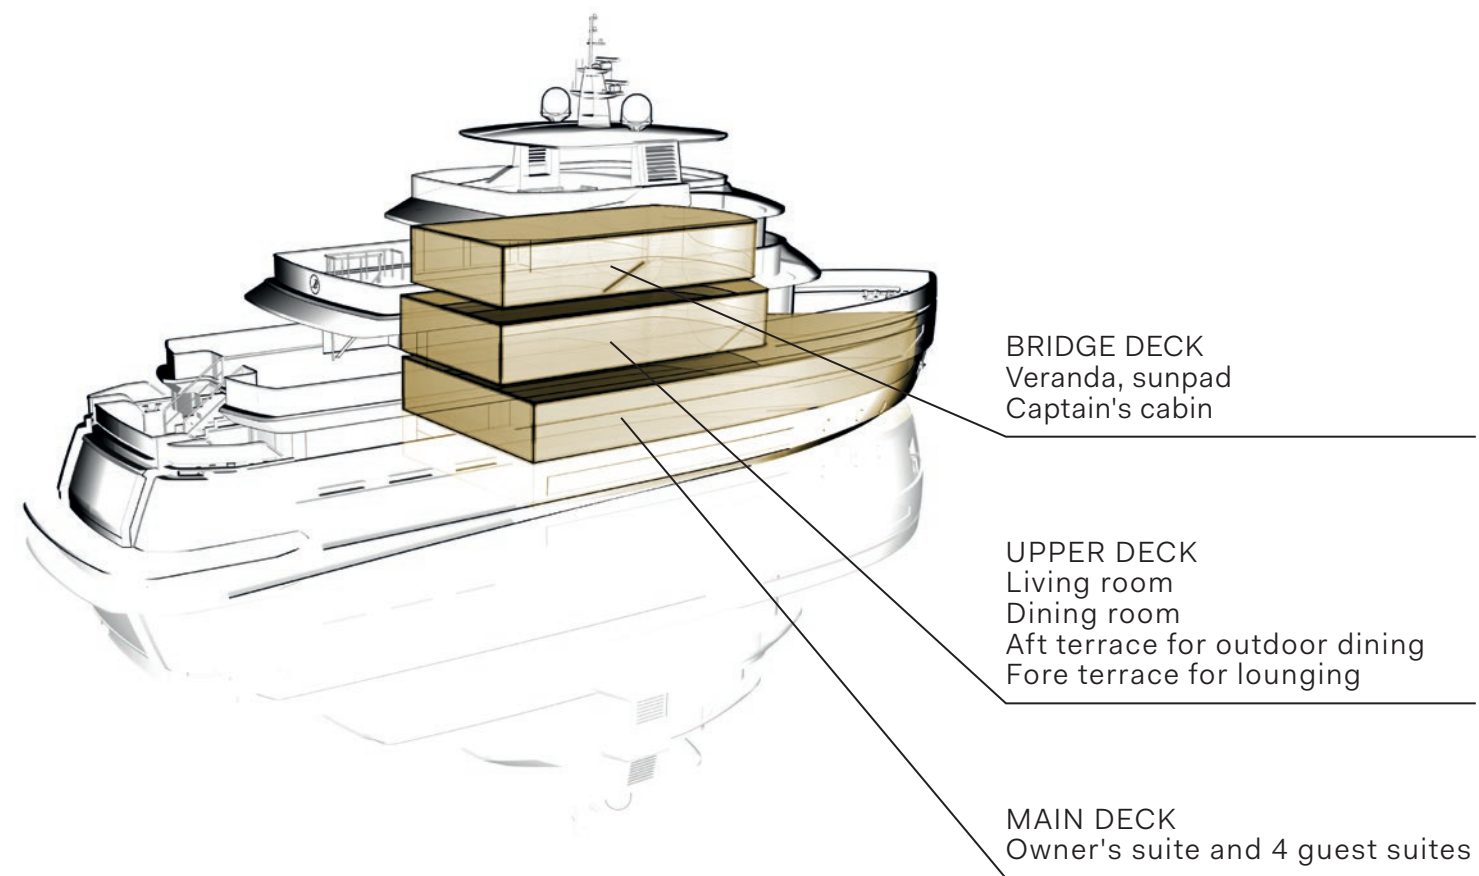

[BEACH AREA] The Beach Area can also be equipped with a steam room and shower cubicle upon request.

MADE *in*
BENETTI.

WELCOME *to the* HOUSE *of* YACHTING

As a historic Italian shipyard founded in 1873 in the Tuscan town of Viareggio, Benetti combines a profound nautical heritage with advanced boat construction know-how, driving forward a pioneering vision distinguished by a limitless passion and highly efficient management of complex commissions.

Every Benetti masterpiece uniquely reflects our boating culture and expertise. Superior workmanship is infused with the warmth and flair of Italian artistry, expressing the authentic savoir-faire and innate taste for absolute beauty that characterize our origins. The House of Yachting is home to all sea connoisseurs who wish to embark on a journey destined to last, just as the charm of a Benetti ship lasts throughout the decades. Designed and engineered to remain untouched by time yet embracing evolution, every creation guarantees an enduring appeal throughout its existence, exceeding the expectations and demands of its first shipowner as much as of those who will follow.

Giovanna Vitelli, Vice President of AZIMUT | BENETTI

A GLOBAL *and* DISTINGUISHED COMPANY

Our 150-year-long nautical heritage, and the technological advancements we adopt to elevate our shipbuilding standards, have enabled us to gain world-renowned prestige as one of the most iconic and successful superyacht builders to date. We also truly value the relationships we establish with our yacht owners over time, curating their demands and most specific needs by providing them with superior service throughout their journey with us.

2 SHIPYARDS

The Benetti shipyards are located in the Tuscan coastal towns of Livorno and Viareggio, and are focused on the production of yachts from 24 to 100-plus meters in steel, aluminum and fiberglass.

6 DIRECT OFFICES

With offices strategically placed around the world, we are available to respond to the requests of current and future yacht owners in Europe, the UK, United States, Asia and UAE.

THE LARGEST PRIVATE GROUP *in the* YACHTING WORLD

Benetti is part of the Azimut | Benetti Group—the biggest private player and shipbuilder in the nautical sector today—which offers the most extensive yacht and megayacht network in the world. The Vitelli family, the founder and majority shareholder of the company, has been leading the way for over fifty years now, pursuing innovation through the Group's main yacht brands, Azimut and Benetti, while launching a portfolio of service brands designed to cater to the diverse demands of shipowners around the globe.
